## APPROVED PROCEDURES

Operations covered by County Medical include the procedures identified by our doctors as being most likely to incur waiting times within the NHS. These include the overwhelming majority of procedures that are undertaken in a private hospital under medical insurance schemes.

If you need surgery and it is covered by your health plan, we will schedule it in our hospital network on your behalf, quickly and efficiently. If you'd prefer to use another hospital, County Medical will reimburse you up to the amounts shown in the table below.
